We're serious about service...

NorQuip Group offers a comprehensive range of services in the world of portable amenities, equipment hire and liquid waste management, through our five business units – NorQuip Hire, NorQuip Service, NorQuip Transport, NorQuip Fabrications and NorQuip Sales.

NorQuip Group is a privately-owned company, founded in 2011 by Matthew and Kristie Maartensz. Originally established as a portable toilet hire company, Matt and Kristie have always taken an open approach to their business. Each time an opportunity or demand has arisen, NorQuip has innovated and evolved to fill the gap for our customers.

Our five business units keep our business ticking, but we know it's our customer service, attention to detail and above-standard cleanliness that has grown our business exponentially since 2011.

NorQuip Group was founded in, and remains based in, Townsville, North Queensland, however we regularly service throughout Queensland, and occasionally interstate.

We strive to be the portable amenities and equipment hire company of choice in North Queensland.

NorQuip
HIRE

EQUIPMENT HIRE

Meet North Queensland's #1 temporary fencing & amenities hire company.

NorQuip Hire is the market leader when it comes to equipment hire relating to site services and temporary fencing. Even as the company has expanded to include service, transport, fabrication and sales, hire remains our core business.

Using a constantly-expanding and top-notch fleet of customised vacuum trucks and delivery trucks, we are able to deliver and set-up equipment so it is ready to use. We also conduct liquid waste management services responsibly and efficiently at the time of collection from site.

NorQuip can deliver hire equipment throughout Queensland, and interstate. Choosing us means you can rest easy knowing you have North Queensland's most comprehensive hire company on your team.

EVENTS & FESTIVALS

Portable equipment and amenities don't only belong on worksites. When it comes to sports events, large scale festivals, school fairs, camps and any gathering where people outnumber facilities or require crowd control, NorQuip can help. We offer a range of equipment to suit events of all sizes, styles and budgets; from toilets to lighting, pop up marquees to temporary fencing, hydration stations and hand wash stations.

WEDDINGS & PARTIES

Before the party comes the planning. Event planning can be overwhelming, so we make our part as easy as possible for you. We offer hire, transport and servicing, and will design a package to suit you.

Not sure of exactly what you need? Ask our experienced staff.

CONSTRUCTION & CIVIL

When it comes to equipment hire, sales, delivery, collection and servicing, NorQuip knows your business depends on your contractors just as much as it depends on you. That's why you want to work with professionals you can trust.

Quality is important to us, not only in the products we sell, hire and fabricate, but also in the standard of cleanliness we provide and the customer service we offer.

DEFENCE & REMOTE AREAS

We strive to go above and beyond client expectation, constantly improve our systems, processes and customer service, and always adhere to the highest hygiene levels. Our staff undergo a detailed induction, to ensure all NorQuip employees are across safety standards and know the expectation of our customers.

NorQuip equipment is tracked using sophisticated software, to ensure waste is managed before it becomes an issue.

We are available 24-7.

Event - Portable Toilets

Our fleet includes a range of event-style portable toilets. These toilets are kept exclusively for events and functions and always presented to the highest possible standard.

- High capacity fresh water flush
- Hand basin & mirror inside
- 1200L x 1200W x 2300H

Deluxe - Portable Toilets

Our deluxe-style portable toilets include LED solar sensor lighting, stocked hand soap and paper towel dispensers, and a bin for disposal of the paper towel.

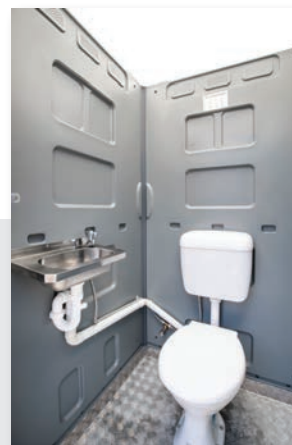

- High capacity fresh water flush
- Hand basin & mirror inside
- 1200L x 1200W x 2300H

Builders Toilets

Fully self-contained heavy duty skid mounted portable toilets, designed specifically for the heavy demands associated with work sites and tough environments. Modern ventilated plastic construction for maximum user comfort.

- Lifting points for crane pick-up
- Hand basin & mirror inside
- Forklift skid base
- 1200L x 1200W x 2300H

Sewer Connect Toilets

Most suitable for long-term use on sites with sewer and mains water supply readily available. Modern solid plastic construction ventilated for maximum user comfort.

- Hand basin & mirror inside
- Forklift skid base
- Lifting points for crane pick-up

Portable Urinals & Walkthrough P Pens

Ideal for large sporting events, parties or functions. Portable Urinals increase the flow-through of male patrons, easing the burden on other amenities. Walkthrough or panel style are supplied with privacy screening.

- Huge 650L waste holding capacity
- Easy installation
- Privacy screening available

Portable Disability Toilets

Our fully compliant Disability Accessible Portable Toilets are complete with parent room facilities and designed flat at ground level for easy access. The units are spacious to allow adequate room for wheelchairs and prams.

- Hand basin & mirror inside
- Hand rails around interior
- Baby change table (optional extra)
- 2000L x 1800W x 2300H

Trailer Mounted Toilets

Single, Double Or Shower Combo

Easy to tow and transport showers or toilets from our fleet. Saves on transport costs especially if towing to remote locations. Very easy to manoeuvre.

- High capacity fresh water flush
- Hand basin & mirror inside
- 3000L x 1800W x 2800H

Trailer Mounted Showers

Single, Double or Toilet Combo

With the same functionality as the single mounted trailers, the double trailers accommodate two toilets, two showers or a combination on the one trailer.

- High capacity fresh water flush
- Hand basin & mirror inside
- 5500L x 1800W x 2800H

Portable Showers

Gas Or Electric Hot Water Systems

Portable shower units are the perfect solution for bathroom renovations, extra guests, or campsites and are recommended for outdoor use. Showers are available with gas or electric hot water systems, and the option to upgrade to include waterproof solar sensor lighting. These showers are hygienically sanitised for your peace of mind.

- Towel hooks, shelf & mirror inside
- Flick mixer for easy use
- 1200L x 1200W x 2300H

Site Storage Hub With Toilet

Complete with a fully self-contained toilet, our lockable Site Storage Hub is suitable for any construction site. This multi-purpose unit ticks all the boxes for securing equipment, shelving and providing some desk space.

- Self contained water and waste tank
- Hand basin
- 3000L x 2400W x 2900H

Aqua Quad Block

(4 Showers)

Four separate shower units for either male/female use with a gas hot water system and waste water pump. The showers are fitted into a raised platform, with self bunded tray to allow the grey water to be pumped away and the fold-out steps allow you to step out onto a clean area. It all adds to the experience.

- Towel hooks, shelf & mirror inside
- Flick mixer for easy use
- Bunded waste water tray with pump
- 3000L x 2500W x 2500H

8 Head Shower Block

This block is ideal for larger numbers of users or campers. It features 8 shower cubicles with fluorescent lighting, a large electric hot water system, two separate sinks with flick mixer taps, and mirrors. The grey water runs away by gravity, and the fold-out steps allow you to step out onto a clean area.

- Containerised & compact
- Pre plumbed ready to use
- 5000L x 2450W x 2600H
- 3 Phase power or generator required

Luxury Ensuites

Ground Mounted Or Trailer Mounted

Our Luxury Ensuites are guaranteed to satisfy the fussiest of people. These units are a great solution for bathroom renovations, extra guests and special events.

- Built-in hot water system
- Vanity with lighting
- Macerator pump to send waste where required
- 4000L x 2400W x 2800H

16 Pan Toilet Block

Designed for larger public events, our toilet blocks use minimal water and feature fluorescent lighting, foaming hand wash and a wash basin in each cubicle. Indicators can be set for male/female or neutral. This block takes up less space than 16 portable toilets so is economical spacewise.

- Built in 5000L waste tank
- Delivered by tilt truck
- 6600L x 2500W x 2900H

5 Star Ablution Block

Designed for special events, our five star ablution building can be tailored to your individual needs. An internal door separates the male and female amenities and on request can be left unlocked so the block can be used as a sole purpose block. Modern and stylish with louvres for increased natural airflow and light. The tapware is controlled by timed swipe pad to minimise water usage.

- Built in 5000L waste tank
- Delivered by tilt truck
- 6000L x 3000W x 3200H

VIP Ablution Block

Designed to cater for the VIPs attending an event. This block features split system air conditioning and the highest quality fittings inside. The outside of the block is creatively painted to indicate gender and also complement the event.

- Fully air conditioned
- Built in 4500L waste tank
- Time controlled tapware
- 6000L x 3000W x 3200H

Container Site Solution With Toilet And Shower

Designed to be used anywhere. This lockable unit features a crib area with a pop-up awning shading an aluminium table with bench-style seating. Plenty of room for storage plus shelves and a workspace for the foreman. The modern bathroom includes a toilet, shower and vanity. These facilities work using the built-in freshwater, 12v pump and solar power and then stores. The wastewater is stored in a built in under floor tank.

- Built in 1500L waste & water tank
- Delivered by tilt truck
- Fully self contained
- 6000L x 2500W x 3000H

Hot Water Systems

A range of hot water systems in various sizes, gas and electric, trolley mounted available to suit most requirements.

- Suitable for 1-4 showers
- Instant hot water

Water Supply Tanks & Pumps

Freshwater and grey water holding tanks in various sizes to suit most requirements. Pressure pumps are available to increase the flow of water when needed.

- Up to 10,000L available
- water pressure for up to 21 outlets
- Skid mounted for transport

Rehydration Station

Water stations can be supplied with or without potable water. Each station has taps for easy access.

- Up to 2500L with 8 taps
- Convenient height taps for filling water bottles

Temporary Fencing

2.4m (W) x 1.8m (H) Panels, Bases & Clamps

Temporary Fencing is a great solution to prevent unauthorised access, designate areas for events and provide security on construction sites. Gate fence panels with wheels are also available to allow easy access. We can supply and hang black screening, shade cloth or signage to suit your needs. Keep in mind that screening adds to wind loading so extra bracing may be required.

- Meets AS 4687-2007
- Galvanised finish
- Anti-climb mesh
- 2400W x 1800H panel size

Temporary Pool Fencing

2.4m (W) X 1.2m (H) Panels, Bases & Clamps

Installation of Temporary Pool Fencing offers a safe temporary choice and peace of mind. Our Temporary Pool Fencing complies with the current pool fence standards and comes with the option of a lockable self-closing gate for access.

- Galvanised finish
- Anti-climb panels
- 2400W x 1200H panel size

Crowd Control Barriers

2.2m (W) X 1.1m (H)

As an efficient barrier solution, crowd control barriers are suitable for events or work sites. Our panels incorporate flat feet to minimise tripping hazards and can be linked together or set up individually.

- Galvanised finish
- Anti-climb panels
- 2200W x 1100H panel size

Powder Mirrors

Consider hiring a powder mirror or a pamper tent. Access to a powder mirror may relieve congestion in the amenities at larger events. When the ladies can touch up their makeup or check their fascinator away from the toilets the queue at the loo may be shorter.

- Down lighting above mirrors
- Neutral colour & design
- Forklift pockets

Marquees

4m (W) x 4m (H) & 8m (W) x 4m (H)

Pop-up shade marquees can be supplied with or without walls. Provide your guests with protection from the elements. These marquees are most suitable for sporting events, pamper tents, or parties. Combine a marquee with a powder mirror, toilets, urinals and hand wash stations for larger events.

- Commercial construction
- Legs on castors for easy set-up
- Walls & gutters available

Dish Wash Stations

Featuring a double bowl sink with a flick mixer delivering running water where you need it. Works just like the kitchen sink at home. A great option for an outdoor event with food being prepared on site.

- Built in 1000L waste tank
- Hot water option available
- Forklift pockets for mobility

Hand Wash Stations
Super Twin

Great for events where food is available or to encourage patrons to vacate the amenities faster. Our hands-free hand wash stations are operated easily using the foot pump.

- Self contained waste & water tank
- Hand soap & towel dispensers
- Easy to use

Hand Wash Stations
Two Person

Provides an upright hand wash solution with liquid soap, water and paper towel so your guests can be assured they have washed properly.

- Self contained waste & water tank
- Hand soap & towel dispensers
- Easy to use

Hand Wash Stations
On Wheels

An alternative hand wash solution that also provides soap, water and paper towel but with added mobility.

- Self contained waste & water tank
- Hand soap & towel dispensers
- Easy to use

Sanitation Stations

Ideal for areas where water is limited or inaccessible, our waterless four-person sanitation stands dispense sanitising foam.

- Up to 1500 uses per dispenser
- Easy to use
- Wheelchair accessible option

Kubota Buggy

A great idea to deliver items or get around your large event or work site. Our 4WD utility buggy with tipping cargo tray is tough and compact, agile and can go anywhere.

- Conditional registration
- Flashing light & reverse beeper
- Towbar

Kubota Generator

Portable generators to supply power on site for your event or remote location. Various sizes available.

- Compact & super quiet
- Three phase diesel

Forklifts

Our fleet of forklifts can be hired for use at your event or site.

- All terrain
- Articulated
- Diesel

Hiring and selling is easy. Servicing is where we've earned our good name.

Whether you need servicing for your own portable toilets, equipment hired through NorQuip, or amenities hired through another company - we offer reliable, responsible waste management.

We also offer a range of liquid waste removal services for septic tanks, grease traps, grey water tanks and portable building holding tanks. Furthermore, our vacuum excavation services also known as hydrovac services are ideal for non-destructive digging. Our goal with NorQuip's service range is to make your job as project manager, business owner or event coordinator as convenient as we can. That's why we are the contract service provider of choice for other equipment providers.

NorQuip holds an environmental permit from the Department of Environment and Science and is licenced to remove and transport regulated waste. We can provide waste tracking documentation from pick up to disposal.

Liquid waste management is available as a sole service, or as part of a package with hire equipment. We offer a 24-7 emergency response.

NorQuip
SERVICE

NorQuip SERVICE

HydroVac Services

Our large Vacuum Excavation Unit has the following specifications and capabilities: 10,000 litre debris capacity, 1000 litre water capacity, 600 cfm vacuum, 3500 psi water pressure, 4 inch hose size. These units are ideal for all your non-destructive digging and drain cleaning needs.

Liquid Waste Removal

Septic Tanks, Grey Water & Grease Traps

Our fleet of purpose built vacuum trucks allow us to choose the right vehicle to get the job done. We provide liquid waste services including waste removal from large waste holding tanks, domestic and commercial septic tanks, grey water, grease traps and oils. We hold an environmental permit with the Department of Environment and Science and are licenced to remove and transport regulated waste.

Construction Site Toilet Servicing

Service packages are offered to ensure clean and hygienic toilets on your construction sites. With service packages, regular services are scheduled at intervals that best suit your needs and your toilets are automatically added into our day's service runs. With time saved and no additional charges for final pump-out and cleans at the end of hires, service packages have an increased value for money. Available for twice weekly, weekly, fortnightly and monthly or servicing on demand.

NorQuip SERVICE

Event Amenities Servicing

Our customised vacuum service trucks are set-up to handle all sanitation services including waste removal, cleaning and restocking on site during events and functions whether it be after hours or on weekends. Our dedicated staff are trained to provide the best quality service and highest standard of cleanliness to achieve customer satisfaction.

Sanitary Bin Supply & Service

Give customers, patrons and staff the sanitary solution they deserve. We also provide a comprehensive sanitary waste disposal service with every unit, so you can be confident your toilets will stay safe and clean. No touch feminine hygiene units are also available, exceptionally easy and hygienic to use.

Toilet Attendants

Events & Functions

Attendants are available to conduct sanitation services including, cleaning and restocking on site during events and functions, giving you peace of mind your amenities are clean, stocked and pleasant to use, whether it be after hours or on weekends we have it covered.

NorQuip
TRANSPORT

Transport you can trust.

**Buying, hiring or loaning equipment is one thing.
Getting to and from site is another.**

We deliver to sites throughout Queensland and are capable of delivering interstate.

NorQuip's fleet is purpose-built to deliver and service our equipment on site with minimal impact. We can also assist with the delivery of other items on request. Our fleet includes a tilt slide truck, vacuum trucks, 4x4 trucks and all-terrain forklifts to deliver to remote or difficult sites.

When it comes time for collection, we arrive onsite and remove waste prior to transporting equipment. This is essential, and our fleet gives us the ability to do that, even with just a single truck. Everything we do aims to make your job easier.

Canter Service Vehicle

With our 4x4 Canter Vacuum Truck, we are able to service and deliver to remote or difficult to access areas. This truck is designed to carry out complete portable toilet servicing, from waste removal, water and consumable restock and complete sanitised clean. This truck is fitted with a loading crane and is designed to carry two toilets, it is also stocked with portaloos parts to handle any repairs on the go.

- 1600L waste tank
- 750L water tank
- Loading crane
- High flow water pump
- 4x4 capabilities

Fuso Forklift Delivery Vehicle

With our Fuso Vacuum Truck, we are able to service and deliver toilets and temporary fencing. This truck is designed to carry out complete portable toilet servicing, from waste removal, water and consumable replenishing and a complete sanitised clean. This truck carries a mini articulated forklift enabling easy placement of portable toilets and temporary fencing.

- 2500L waste tank
- 1500L water tank
- On board forklift
- High flow water pump
- Tow bar

Fuso Crane Truck

Our fleet of trucks include this handy 6m flat bed with rear mounted crane. This truck, when combined with delivery trailer, can carry 20 portable toilets at one time or a combination of toilets and temporary fencing.

- 6m flat body truck
- 1300kg loading crane
- Tow ball
- GVM upgraded to 11t
- Carries 20 toilets

Fuso Tilt Truck

Our Fuso Tilt Truck is the perfect work horse, with a long tray and large carry capacity there are not many limitations. This allows us to handle every aspect of transportable building hire. We have the ability to advise our customers when equipment will arrive on site. We can also deliver up to 500m of temporary fencing on one load and carry our own forklift to get the job done fast.

- 8m ATB tray
- Tilt & slide body
- 30,000lb winch
- 11.5t carry capacity
- Container pins

Avant 523 Forklift

Our versatile 4WD Avant Loader has excellent rough terrain capabilities and with its compact dimensions the Avant can work in tight situations in order to meet all event setup requirements. Being articulated, gives this machine the ability to deliver on sensitive surfaces.

- 850kg lift capacity
- Under 1m wide
- Conditional registration
- Reverse beeper & flashing light
- Diesel

Enforcer All-Terrain Forklift

Our 3.5t All-Terrain Forklift is perfect for those rough sites or heavy lifts. Ready to help get your event set-up or assist on your work site long term.

- 3500kg lift capacity
- Conditional registration
- Reverse beeper & flashing light
- Diesel
- Slippers available

NorQuip
FABRICATIONS

When you need something specific, get it custom built.

Being in the hire industry, we know there are times when you just can't find the exact right layout, size, shape or quality desired.

To best service NorQuip customers, we introduced fabrications, because our goal is always to get your equipment exactly right and to your specifications.

Whether you need site storage, a self-contained home office or studio, site office, VIP toilet block, or maybe a combination, NorQuip can fabricate to suit your requirements. Find various designs at NorQuip's website, or engage us for a complete custom build.

Whatever it is you need, chances are we can build it.
